### Lab Safety Rules

1. Students must act responsibly in the lab and follow instructions given by the teacher.  
\*\*Only teacher authorized activities are permitted. \*\*
2. Students unfamiliar with any lab procedure must ask for help immediately.
3. Students must wear proper laboratory attire. (Safety goggles and lab aprons, as designated by the teacher). Long hair must be tied back.
4. Students must take proper care of lab equipment. **Students will have to reimburse the school for any broken or missing equipment.**
5. Any accident or injury (no matter how minor) must be reported to the teacher immediately.
6. Keep your environment clean and safe.

**Since safety in the lab is a top priority, students who violate any rules or abuse their privileges will be subject to disciplinary action. Lab rights may be revoked.**

I, \_\_\_\_\_ have carefully read this safety contract and agree to act as a responsible person in the lab following all regulations.

**SAFETY CONTRACT FOR STUDENTS IN THE TECHNOLOGY WORKSHOP  
(WOODSHOP)**

1. Students are to act in a responsible and cooperative manner; Any misbehaviour could lead to unfortunate accidents.
2. Students must wear appropriate personal safety equipment *ie.* Eye protection, dust mask, etc.
3. Students are required to tie back long hair and restrain from wearing ties, scarves or other loose items of clothing.
4. Students can not wear rings, bracelets (including watches), or other loose jewellery in the workshop.
5. Students must familiarize themselves with all safety features (fire extinguisher, first aid kit, emergency stop buttons and emergency exits) in the workshop.
6. Students should report any damage to machines and/or equipment immediately.
7. Students must report any personal injury to the lab technician or teacher immediately.
8. Students are required to wear appropriate footwear. Shoes should be entirely closed and have flat rubber soles *eg.* Running shoes.
9. Students are to respect floor perimeters. Only the operator may be within the marked area during the use of a stationary power tool.
10. Students are not permitted to eat and/or drink in the workshop.
11. Students are responsible for keeping their work area clean.
12. Students need to have all operations approved by the technician. Students may not use a machine if they have not been shown how to operate it safely by the teacher or technician.

**I agree to follow all the safety rules listed above. I will behave appropriately and not disrupt the teacher or my classmates while they are working. If an accident or injury occurs, I must report it to the teacher or technician immediately.**
